Sound Rider 2019 v1

PLEASE call us to discuss any questions or concerns about the content of this technical rider.

FOR ANY QUESTIONS:

David Rodríguez. davidrodriguezcartagena@gmail.com / Phone: + 34 651 683 670.

We need four hours to make the sound check, but please note that longer than this will be required if the audio equipment is not already fully set up.

1) F.O.H:

- **The PA system must be professional, stereo, 3 or 4 way active system.**
L'ACOUSTIC, D & B, ADAMSON
- The system must be able to cover the whole venue with clear, undistorted sound at high volume
- **The FOH mix position should be located in the center, but not under of a balcony.**
- YAMAHA CL Series, QL Series, DIGICO SD.

2) Monitors System:

- **2 x Powerplay.** Lake People G 97 AMP
- **1 x In Ear system.** Sennheiser G4 300, shure PSM 1000
- **1 x Sidefill stereo.** L' ACOUSTIC, D&B, ADAMSON
